

LA SIRGA

Discussion Guide

1. LA SIRGA presents an image of Colombia torn apart by violence, but shies away from identifying the conflict specifically. What do you make of this?
2. What is the significance of Alicia's sleepwalking? How do you interpret the dream-like imagery of the film?
3. What is Fredy doing when he's not at the hostel? Do you think he's on the wrong side of the conflict?
4. Oscar acts as Alicia's protector, yet at times appears to be something of a predator as well. Discuss their relationship.
